There is a rather large concrete fish submerged in Lake Tahoe just off shore in the Patton Beach Area. Supposedly a relic left over from a miniature golf course was sunk in the lake and today it makes an amusing dive site.

Here is your chance to practice your altitude skills and view what most think of as an urban legend.

Be sure and bring an underwater camera and have

Why Buy from US?

Local Ownership:

You can deal with the owner, not a clerk without any authority. Why is this important to you? If you have a problem some one can usually take care of it immediately. The owner of a business always cares more than a low paid clerk that might not be there next month.

Long Time Employees:

Our employees are going to remember you and your needs.

Believe it or not, the biggest challenge you will have in diving is to find and keep dive buddies. When you learn with local divers you have a much better chance of forming bonds with someone who will be able to go diving with you.

travel. Also, realize you can avoid the freeway traffic and travel time by attending a local class.

Information:

I'm not exaggerating when I say; Doug is your biggest reason to buy from High Sierra Divers.

Doug can answer almost any SCUBA or Snorkeling question related to equipment, diving, repair etc. What Doug doesn't know, he can find out. You cannot find any store that offers more.

Cost:

Our prices are very competitive.

Figure how much are you going to pay for shipping. Do the other places set-up and assemble your equipment? (\$ 40.00 value) Is the manufacturers warranty included? Don't believe Internet places when they say they have a warranty. Most Do Not!

FORT BRAGG DIVE TRIP SUCCESS

The Trip to Fort Bragg was great! There was a large turnout for the weekend.

Weekend activities included diving, of course and a Saturday evening Potluck.

I don't think, I remember as large a crowd ever.

Great Grub for All!

There was lots of Abalone and everyone seemed to enjoy it. As usual, there was an abundance of food and goodies.

The kids all seemed to enjoy

themselves and we even had a kids Bingo game.

The ocean was rough and weather windy. So, not too much diving at all our favorite spots. However Van Dam was still open for Abalone and diving.

A great weekend spent with great friends. Lots more pictures on Facebook search for High Sierra Divers and look at the Dive Team Weekend pictures.
